THE estimate of the New York Produce Exchange expert on the wheat crop of 1809 is 516,000,000 bushels, the computation being upon the basis of the figures of the conditions reported by the department of agriculture. In 1897 the wheat crop was 530,000,000 and in 1898 it was 675,000,000. With these exceptions it is The Cochise Copper Mining Company, ahead of any previous crop. During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., " struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but. nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy, his leg would have had to be amputated. Pain Balm is unequaled for sprains, bruises and sheumatism. For sale by all drug giste.
